

**WELCOME ADDRESS DELIVERED BY THE ADMINISTRATOR OF THE NATIONAL JUDICIAL INSTITUTE, HON. JUSTICE R. P. I. BOZIMO, *OFR*, AT THE OPENING CEREMONY OF THE REFRESHER COURSE FOR JUDICIAL OFFICERS ON CURRENT TRENDS IN LAW AND ADMINISTRATION OF JUSTICE, HELD AT THE ANDREWS OTUTU OBASEKI AUDITORIUM OF THE NATIONAL JUDICIAL INSTITUTE ABUJA ON 14<sup>TH</sup> MARCH, 2016**

**PROTOCOL**

I am honoured and elated to welcome you all to the 2016 Refresher Course for Judicial Officers, which particularly focuses on the current trends in Law and Administration of Justice. The Refresher Course is an annual event on the calendar of Programmes of the National Judicial Institute and the Course is intended to serve as an avenue for Judicial Officers from different Jurisdictions to exchange ideas on grey areas of the Law, enrich and consolidate their experience, and enhance their professional skills.

The theme for this year's Refresher Course for Judicial Officers is: "***Promoting Judicial Performance through Innovations and Reforms***". What determines the advancement of any society is its ability to pay attention to innovations and reforms because a static system is nothing but a sleeping dog, inactive and unattractive.

Law Reforms and innovations in the Judiciary are a necessity for the purpose of enhancing and promoting judicial performance. The Nigerian Judiciary has experienced innovations and reforms in recent times, prominent among which is the passing into Law the Administration of Criminal Justice Act in 2015.

The high point of this Act is the merger of the Criminal Procedure Act (CPA) and the Criminal Procedure Code (CPC) into one principal Federal Act, which apply uniformly in all Federal Courts. While preserving the existing criminal procedures, it introduces new innovative provisions that will enhance the efficiency of the Justice System. The main purpose of the Act include preventing unlawful arrest which had been one of the major problems

of our criminal justice systems. By Section 10(1) of the CPA the Police could arrest without a warrant, any person who had no ostensible means of sustenance and who could not give a satisfactory account of himself. By this provision, people were arrested indiscriminately. The administration of Criminal Justice Act 2015 has deleted this provision. We look forward to more reforms and innovations in areas such as internet software patents, defamation in cyberspace, civil and criminal litigations on the internet, copyright, child rights protection, anti-corruption measures and prosecution of public office holders on charges of corruption, etc.

For this Workshop, we have carefully selected experienced and erudite Personalities as Chairmen of Sessions and Resource Persons to deal with topics, which are germane as well as current. The topics for this Course are:
